Dear Friend

This week in my school it is walk to school week. We are having a competition between all of the classes. The most pupils in each classroom that walk to school will have an award to put in their classroom. The award is a welsh rugby players gold trainer on a shiny red platform. Everyone is making a good effort to walk to school. I walk with one of my best friends Cerys, we enjoy having a chat on our journey. But unfortunately some can't because of the distance. They said that they would love to though. Today nearly everyone in the class walked seventeen out of twenty, so we think we have a good chance of winning.

Soon our safety mascot Gary Gosafe and his friend Eli Eco will be coming in welsh we say Gan Gari Gofal a Eco Eli. Every time they come everyone gets really excited. They teach us about safety and how to walk to school safely. These are our safety rules Stop Look Listen and Think.

Most people walk to keep the world clean instead of wasting petrol and pollution going everywhere. My friend Cerys and I walk to school for many reasons, we walk to save money and to keep the world clean but enjoy it because we have a good chat and we laugh like all friends.

Thank you I hope you like walking
From Chloe.
